

**Plan A: rough sketch of likely tent layout.
Bright blue for canvas, greeny blue for domes.**

Rationale: See mostly canvas from both marquee and Mong; cooks near to sunshade; late-arrivals near end. Access to tents is mostly from edge of campsite: no need for central "courtyard"

Plan B: If we can't fit all the tents in two rows, and need to go to three. Will need to confirm with stewards that we can extend the campsite ~3m onto the warfield, past the goalposts.
